Customized complete sets of electrical distribution boxes from well-known manufacturers

Overview

Our engineering team can design and configure high-quality, custom PDUs and control panels for your specific application.

Key Takeaways

SKKBO, Wieland, IDE Electric, and VIOX Electric are leading manufacturers offering complete sets of high-quality electrical distribution boxes with customization and certification options.

SKKBOSKKB

O is a leading electrical box manufacturer with over 20 years of experience, providing versatile and high-quality customized solutions for more than 180 countries, including Europe, North America, and Southeast Asia. Their factory spans 26,660 sqm and produces boxes certified with UL, CE, IP, IK, and CCC standards.

SKKB

O specializes in customized designs, allowing clients to specify size, material, application, and additional functions. They offer 24/7 customer support and a professional technical team to ensure tailored solutions for indoor, office, and commercial installations.

Wieland

Wieland focuses on decentralized and pluggable electrical installations, offering distribution boxes suitable for power, signal, and I&C applications. Their products comply with IEC 61439 and IEC 61535 standards and are designed for harsh environments, including moisture-prone areas. Wieland emphasizes prefabrication and configuration, enabling optimized construction processes and short planning times.

Their distribution boxes are suitable for smart buildings and can accommodate all necessary electronics, with options for ventilation and easy access for maintenance.

ID

E ElectricIDE Electric manufactures metal and polyester electrical cabinets for industrial applications, including machine tools and automation systems. Their products are highly customizable, with a wide range of accessories such as distribution blocks and busbar supports.

ID

E Electric cabinets are certified for domestic and international markets, offer IP44-IP67 protection, and can be assembled and wired according to specific standards. They provide rapid production and flexible configurations to meet project-specific requirements.

VIO

X ElectricVIOX Electric offers state-of-the-art distribution boxes made from high-quality ABS plastic and stainless steel (201, 304, 316 grades). Their products are designed for industrial and residential applications, providing IP-rated protection against dust and water, flame-retardant materials, and corrosion resistance.

VIO

X emphasizes user-friendly designs with modular components, quick-access panels, and ergonomic cable entry points, ensuring easy maintenance and long-lasting performance.

Summary

For professional, complete sets of electrical distribution boxes, SKKBO is ideal for highly customized, globally certified solutions, Wieland excels in decentralized and smart building applications, IDE Electric provides industrial-grade metal and polyester cabinets, and VIOX Electric offers durable, corrosion-resistant, and user-friendly options. Each manufacturer provides certified, high-quality products suitable for diverse environments and applications.
