Fireproof cable tray manufacturers in Eastern Europe supply products

Overview

The company was founded in 1982 as a supplier of electrical installation products to the Middle and Far East markets and now operates primarily in the UK and European Union.

Key Takeaways

Eurotray and Meka Pro are leading Eastern European manufacturers of fire-resistant cable trays and support systems.

Eurotray Support Systems

Eurotray, based in Turkey, specializes in heavy-duty cable management systems suitable for high-temperature and industrial environments. Their product range includes galvanized, pre-galvanized, hot-dip, aluminum, and electrostatically painted cable trays, designed for low, medium, and high voltage cables. Eurotray systems are particularly suitable for data centers, food manufacturing plants, and industrial facilities where fire safety and hygiene are critical.

They also provide turnkey solutions, including profiles, fasteners, and special components for vertical and raised-floor installations, ensuring compliance with safety and electrical grounding requirements (Eurotray Support Systems),.

Meka Pro

Meka Pro, operating in Europe, focuses on fire-resistant cable support systems that are rigorously tested according to EN 1363-1 standards. Their portfolio includes over 1,200 fire-tested products, ensuring that critical electrical systems remain operational during a fire. Meka Pro emphasizes safe installation practices, using fire-rated fastening accessories and materials that minimize toxic flue gases.

Their systems are suitable for industrial, commercial, and critical infrastructure projects, providing reliable fire protection and compliance with international safety norms (Meka Pro),.

Key Features to Consider

Fire Resistance: Both manufacturers provide products tested for high-temperature endurance and fire safety compliance. Material Options: Steel, aluminum, and coated finishes for corrosion resistance and durability. Compliance: Products meet EN, IEC, and other international standards for cable management and fire safety.

Applications: Suitable for industrial plants, data centers, commercial buildings, and critical infrastructure. Turnkey Solutions: Some manufacturers offer complete systems including trays, ladders, fasteners, and installation support. For projects in Eastern Europe requiring professional, fireproof cable trays, Eurotray and Meka Pro are reliable options, offering tested, standards-compliant solutions with a wide range of materials and installation support.
