High-quality galvanized cable tray manufacturer in the UAE

Overview

Cable Tray Manufacturer UAE | Steel & Galvanized Cable Trays SupplierHigh-quality cable trays in UAE including steel, pre-galvanized, and HDG options. Reli.

Key Takeaways

Top manufacturers in the UAE for high-quality galvanized cable trays include Ruwais Steel, Bonn Group, Metar, Unigroup, and BonnGulf, offering durable, corrosion-resistant solutions for industrial and commercial projects.

Leading Manufacturers

Ruwais Steel supplies a wide range of cable trays including galvanized, hot-dip galvanized (HDG), and GI options. Their products are ISO 9001: 2008 certified, tested for tensile strength, dimensional accuracy, and hardness, ensuring high-quality and durable cable management systems suitable for UAE weather conditions and industrial applications. Bonn Group offers galvanized steel cable trays, including ladder, perforated, and trunking types.

They provide accessories like 90-degree bends and covers, ensuring compatibility and flexible installation for commercial buildings, industrial facilities, and data centers. Metar manufactures steel cable trays in Dubai with finishes including pre-galvanized, HDG, and powder-coated options. They focus on structural stability, corrosion resistance, and long service life, supporting large infrastructure and industrial projects across the UAE.

Unigroup provides high-performance cable trays, trunking, and channel systems engineered for modern infrastructure. Their trays are designed for strength, fire resistance, and corrosion protection, suitable for commercial, industrial, and utility applications.

Bonn

Gulf specializes in hot-dip galvanized and GI cable trays, ladder trays, perforated trays, and trunking systems. They adhere to ISO 9001: 2008 standards and offer solutions for light, medium, and heavy loads, ensuring reliable cable management in industrial and construction projects.

Key Considerations

Material & Finish: Choose HDG or pre-galvanized steel for maximum corrosion resistance, especially in outdoor or coastal environments. Load Capacity: Ensure the manufacturer provides trays rated for your project's cable load requirements. Customization: Many manufacturers offer custom sizes, thicknesses, and bending options to fit specific project layouts.

Certifications: ISO 9001: 2008 certification and quality inspection sheets (QIS/PIS) indicate adherence to international standards. Support & Delivery: Local production ensures faster delivery and technical support for installation and project compliance. These manufacturers collectively provide durable, high-quality galvanized cable trays suitable for industrial, commercial, and infrastructure projects throughout the UAE.
