Key Takeaways

Huijue optical cables are available wholesale at approximately $0. 50 to $20 per meter, depending on type, specifications, and bulk order quantities.

Price Range and Factors

The wholesale price of Huijue optical cables varies significantly based on cable type, insulation material, conductor size, and application. For example, Huijue fiber optic switch serial cables are listed at $0. 50 to $20 per meter (EXW), covering options from standard PVC-insulated cables to high-temperature silicone-insulated variants.

Prices can also differ for specialized cables such as underwater, armored, or high-temperature cables, which are designed for harsh environments and may include materials like polyurethane, Kevlar, or ETFE.

Bulk Purchasing and Discounts

Sourcing directly from verified wholesale suppliers or OEM manufacturers allows for bulk discounts and price negotiation. Ordering in large quantities can reduce the per-meter cost, and suppliers often provide customized solutions to meet specific project requirements, including cable diameter, shielding, and insulation type. Platforms like go4WorldBusiness and Europages list multiple suppliers where buyers can request quotes and compare prices.

Recommendations

Request multiple quotes from verified suppliers to compare pricing and delivery terms. Consider bulk orders to maximize discounts and reduce overall procurement costs.

By leveraging these strategies, buyers can secure competitive wholesale prices for Huijue optical cables while ensuring quality and compliance with project specifications.
