Key Takeaways

Horizontal cable trays in South Sudan typically range from $15 to $50 per meter, depending on material, size, and finish.

Overview

Horizontal cable trays are widely used for organizing and supporting electrical cables in industrial and commercial installations. In South Sudan, suppliers such as Shopit offer galvanised trays (e.g., 50mm x 25mm) with fast delivery and reliable service. Local and regional manufacturers, including African-based companies like Hutaib Electrical, provide a variety of cable tray systems, including ladder, wire mesh, basket, and perforated types, with finishes such as GI hot-dip, pre-galvanised, powder-coated, and stainless steel.

Price Factors

The cost of horizontal cable trays depends on several factors: Material: Galvanised steel is common and moderately priced, while stainless steel or powder-coated trays are more expensive. Size and Load Capacity: Larger trays or those designed for heavy-duty applications cost more. Type: Ladder trays are generally more expensive than perforated or wire mesh trays due to structural strength.

Accessories: Bends, elbows, tees, and reducers add to the total cost.

Estimated Price Range

Small galvanised trays (50mm x 25mm): approximately $15–$25 per meter. Medium to large ladder or wire mesh trays: approximately $30–$50 per meter, depending on finish and load rating. Custom or stainless steel trays: prices can exceed $60 per meter for specialized applications.

Suppliers and Ordering

Shopit South Sudan: Offers a range of cable trays with delivery options and competitive pricing. Regional manufacturers: Companies like Hutaib Electrical supply trays across Africa and can provide custom sizes and finishes. Online suppliers: Some South African suppliers, such as Liteglo, ship to neighboring countries and may offer competitive bulk pricing.

For accurate pricing, it is recommended to contact suppliers directly with specifications including tray type, size, material, and quantity, as shipping and import costs can significantly affect the final price in South Sudan.
