A large UK-based custom cable tray manufacturer

Overview

UK Cable Tray manufacturing companies are offering a wide range of solutions, from standard components to highly specialized, bespoke systems, meeting the needs of various sectors.

Key Takeaways

Metsec, Armorduct Systems Ltd, and RMS Ltd are leading UK manufacturers offering bespoke cable tray and cable management solutions.

Metsec

Metsec is a prominent UK manufacturer of industrial cable tray systems, offering a wide range of sizes from 12mm to 50mm deep and 50mm to 900mm wide, with various materials including mild steel (pre-galvanised or hot-dip galvanised) and stainless steel 316L for custom orders. They provide bespoke systems, rapid prototyping, CAD design services, and full compliance with BS EN 61537 standards, ensuring high-quality, durable, and efficient cable management solutions for industrial and commercial projects.

Armorduct Systems Ltd

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Armorduct Systems Ltd specializes in steel cable management systems, including cable trays, baskets, trunking, floor boxes, and power tracks. They offer both standard and custom in-house manufactured solutions, allowing clients to tailor products to specific project requirements. Their focus on bespoke design and manufacturing ensures flexibility for complex installations across industrial, commercial, and residential sectors.

RM

S LtdRMS Ltd provides a design-to-deliver service for cable management solutions, including trays, baskets, and trunking. They operate a market-leading onsite fabrication shop (FABSHOP) capable of producing custom cable management systems for large-scale projects such as data centers, hospitals, and public sector buildings.

RM

S Ltd emphasizes British manufacturing, ISO 9001 and ISO 14001 compliance, and sustainable practices to reduce carbon footprint while delivering high-quality bespoke solutions.

Summary

For large-scale or custom cable tray requirements in the UK, Metsec, Armorduct Systems Ltd, and RMS Ltd are highly recommended. They offer extensive customization, robust materials, compliance with international standards, and in-house design and fabrication capabilities, making them suitable for demanding industrial, commercial, and public sector projects.
