Stainless Steel Cable Tray Supply in the UAE

Overview

Cable Trays DANA STEEL is the leading manufacturer of high quality Cable trays & it's accessories in Stainless steel,Mild Steel,Aluminum,Hot Dip Galvanized.

Key Takeaways

Leading stainless steel cable tray manufacturers in the UAE include DANA Steel, Ruwais Steel, METAR, and INOX INFRATECH, offering high-quality, corrosion-resistant solutions for industrial, commercial, and infrastructure projects. Key ManufacturersDANA Steel UAE DANA Steel, established in 2001, is an ISO 9001: 2008 certified manufacturer producing stainless steel cable trays in Grades 304 and 316(L). They offer various finishes including powder-coated, epoxy-coated, and hot-dip galvanized.

Their product range includes light, medium, and heavy-duty cable trays suitable for networking, industrial, and commercial applications.

DAN

A Steel adheres to international standards such as IEC 61537, BS EN 61537, and NEMA VE 1, ensuring durability and compliance for UAE projects. Ruwais Steel Ruwais Steel provides a wide range of cable trays including stainless steel, ladder, trunking, perforated, and hot-dip galvanized trays. They focus on industrial-grade solutions with ISO 9001: 2008 certification, ensuring tensile strength, dimensional accuracy, and long-term reliability.

Their products are designed to withstand UAE weather conditions and are suitable for factories, commercial buildings, and large-scale infrastructure projects.

METAR META

R, based in Dubai, manufactures stainless steel and other steel cable trays for commercial, industrial, and infrastructure sectors. They offer custom sizes, thicknesses, load ratings, and finishes, including powder-coated and hot-dip galvanized options.

META

R emphasizes structural stability, corrosion resistance, and ease of installation, making them suitable for indoor, outdoor, and coastal environments.

INOX INFRATECH INOX INFRATEC

H specializes in stainless steel cable trays, ladders, trunkings, and accessories. Their products are corrosion-resistant, durable, and available in various thicknesses (1. 0–2.

5 mm) and widths (50–1000 mm). They provide a full range of fittings including bends, reducers, tees, and connectors, ensuring complete cable management solutions for industrial and commercial applications. Considerations for Choosing a ManufacturerMaterial Grade: Stainless steel 304 or 316(L) for corrosion resistance.

Finish Options: Powder-coated, epoxy-coated, or hot-dip galvanized. Load Capacity: Light, medium, or heavy-duty depending on application. Customization: Ability to produce custom lengths, widths, and fittings.

Compliance: Adherence to international standards like IEC 61537, NEMA VE 1, and BS EN 61537. These manufacturers provide reliable, high-quality stainless steel cable trays suitable for UAE's industrial, commercial, and infrastructure projects, with options for customization and international standard compliance.
