Which company makes the best overhead cable trays

Overview

This comprehensive list of top 10 online B2B marketplaces and manufacturers will lead you to find your perfect cable trays based on your business requirements.

Key Takeaways

Top reputable overhead cable tray manufacturers include Atkore, Legrand, Eaton, Thomas & Betts, and Southwire, recognized for quality, compliance, and global reach.

Leading Global Manufacturers

Atkore International is a major global manufacturer offering steel, aluminum, and fiberglass cable trays, along with complete cable management systems for construction, industrial, and utility sectors, known for durability and compliance with UL and NEMA standards. Legrand provides the Cablofil wire mesh trays and a wide range of cable management solutions, emphasizing easy installation, adaptability, and adherence to international standards such as ISO 9001 and EN 61537. Eaton (Cooper Crouse-Hinds division) supplies industrial, commercial, and residential cable trays and ladders, focusing on robust, long-lasting solutions for North American and global markets.

Thomas & Betts manufactures cable trays, ladder systems, and wiring ducts, serving industrial and commercial electrical installations with a reputation for reliability and compliance. Southwire complements its wire and cable products with cable tray systems, offering solutions for construction, energy, and industrial sectors, meeting UL, NEMA, and CSA standards.

Notable European Manufacturers

Niedax Group (Germany): Offers extensive cable tray and support systems for construction, energy, and transportation projects. Spina Group (Italy): Specializes in ladder and perforated trays for heavy-duty industrial and shipbuilding applications. Legrand (France): Known for Cablofil wire mesh trays, widely used in infrastructure projects.

Other Recognized Manufacturers

Chalfant Manufacturing: Offers innovative self-connecting and walkable tray lines with over 70 years of experience. Snake Tray: Provides aluminum and steel cable trays with a diverse product line. Industrias Proa S.

A. (Argentina): Focuses on durable, climate-resistant solutions for South American industrial applications.

Key Considerations

When selecting a reputable manufacturer, consider: Material and type: Steel, aluminum, fiberglass; ladder, perforated, or wire mesh trays. Compliance: UL, NEMA, CSA, ISO 9001, EN 61537 standards ensure safety and durability. Regional expertise: European manufacturers often emphasize sustainability and longevity, while North American companies focus on industrial compliance and installation efficiency.

Project requirements: Heavy-duty industrial, commercial, or utility projects may require specific tray types and certifications. These manufacturers are widely recognized for quality, reliability, and adherence to international standards, making them top choices for overhead cable tray systems in diverse applications.
