Cable tray support manufacturer

Overview

This comprehensive list of top 10 online B2B marketplaces and manufacturers will lead you to find your perfect cable trays based on your business requirements.

Key Takeaways

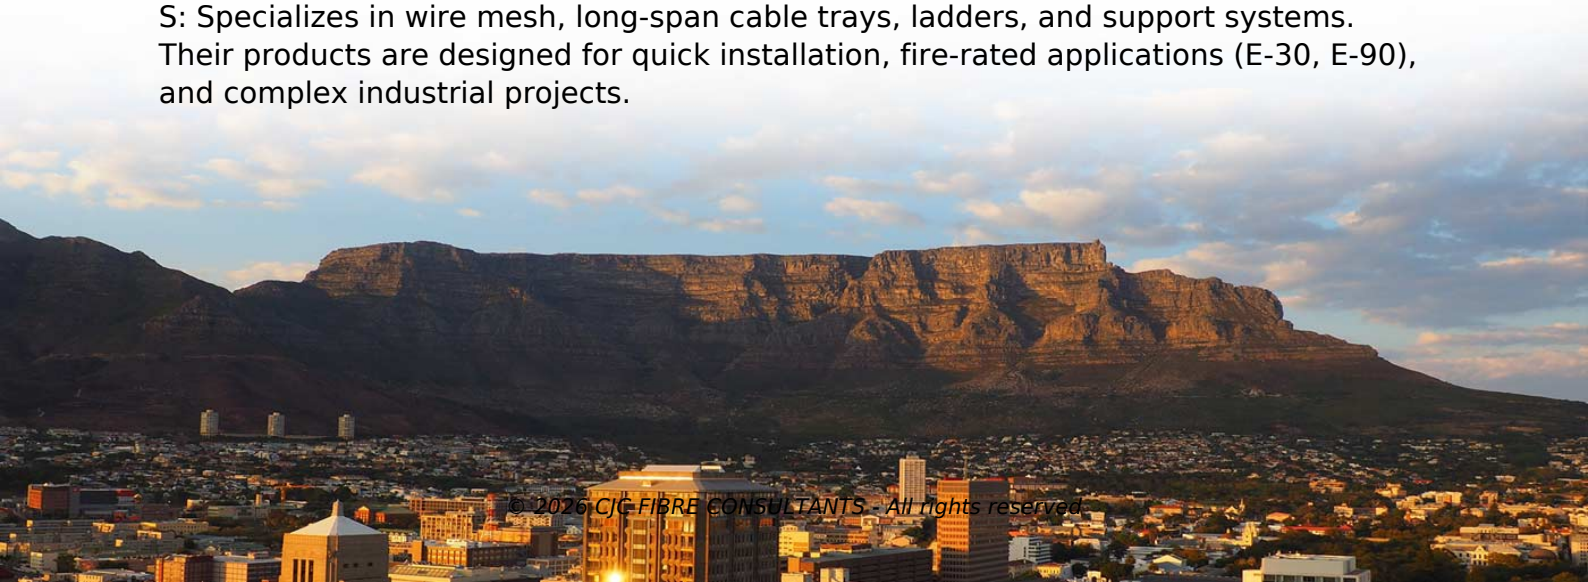

Leading manufacturers of cable tray support systems include HDmann, Niedax, BAKS, Max. Atkore, and PT. Trias Indra Saputra, offering steel, FRP, wire mesh, and ladder types with customizable options.

Key Manufacturers and SuppliersHDmann Cable & Strut Support Systems: Offers steel cable trays for heavy-duty applications, corrosion-resistant FRP trays, and wire mesh trays for light-duty jobs. Standard heights range from 50mm to 150mm, with a full support management system for industrial installations. Niedax: Provides a wide range of cable support systems in steel and stainless steel, with customizable sizes and surface finishes suitable for indoor, outdoor, and aggressive environments.

Their systems include accessories for flexible installation, horizontal and vertical routing, and high-load applications.

BAK

S: Specializes in wire mesh, long-span cable trays, ladders, and support systems. Their products are designed for quick installation, fire-rated applications (E-30, E-90), and complex industrial projects.

BAK

S also offers online tools for load simulation, cable filling, and project cost estimation. Max. Atkore: A global manufacturer with an extensive portfolio of cable tray systems, including ladder, perforated, and channel types, suitable for construction and renovation projects.

PT. Trias Indra Saputra: Focuses on reliable cable tray systems for indoor and outdoor applications, emphasizing quality and customized solutions for energy and industrial projects. Other notable manufacturers: Chalfant Manufacturing, Sunil Engineering Corporation, and ELCON CABLE TRAYS PVT.

LTD. provide specialized cable tray systems, including self-connecting trays, walkable trays, and FRP options, along with accessories and junction boxes.

Product Types and Features

Steel Cable Trays: High mechanical strength, suitable for heavy loads and industrial environments.

FR

P (Fiber Reinforced Plastic) Trays: Corrosion-resistant, ideal for chemical or outdoor applications. Wire Mesh Trays: Flexible, lightweight, and easy to install, often used in data centers or light-duty applications. Ladder and Perforated Trays: Allow ventilation and easy cable management, suitable for high-density cabling.

Customizable Options: Many manufacturers offer special dimensions, surface finishes, and accessories for horizontal/vertical routing, fire-rated installations, and quick assembly. How to SourceDirectIndustry: Lists multiple industrial manufacturers and allows comparison of 28+ cable tray support products from leading brands. Manufacturer Catalogs: Niedax and BAKS provide detailed catalogs and online tools for selecting the right support system based on load, span, and installation requirements.

B2

B Platforms: Ensun.io and other B2B directories help identify and contact manufacturers globally, including Max. Atkore, PT. Trias Indra Saputra, and Chalfant Manufacturing.

These sources provide a comprehensive starting point for selecting cable tray support systems tailored to specific industrial, commercial, or construction needs.
