Customs declaration for 400G optical active equipment

Overview

Form 6059B Customs Declaration in English and Fillable. This form can be now be filled out prior to or during your travel and be filled out by typing (instead of hand written) and then printed and taken with you as your official Customs Declaration. A customs declaration is an official document that gives details of goods that are being imported or exported into or out of EU customs territory. It is the legal act whereby an operator indicates their intention to place those goods under an EU customs procedure, as described in the Union customs. Eoptolink is a provider of optical transceiver modules and optical components used for a variety of applications, including data centers, telecom networks, security monitoring, and smart grids. The subject transceiver devices provide interface connection within a local area network, ethernet, or. It provides detailed information on EU import procedures, including topics such as registering as an economic operator and the Economic Operators Registration and Identification (EORI) number, the various documents you need to complete and links to sector and country specific requirements. Unfortunately this specification of service has not yet been completely translated. Goods that you import from a non-EU country must be cleared through customs.
