Dominican optical attenuator manufacturer

Overview

List of Optical products manufacturers in Dominican Republic?

Our list for Optical products manufacturers in Dominican Republic is one of the most comprehen.

Key Takeaways

There are currently no publicly listed optical attenuator manufacturers based in the Dominican Republic, though the country has a growing optical products manufacturing sector. Optical Manufacturing in the Dominican RepublicThe Dominican Republic has an emerging optical products manufacturing industry, primarily focused on eyeglass frames, lenses, sunglasses, and optical instruments. Many of these operations are located in free zones, benefiting from CAFTA-DR zero tariffs for exports to the United States, which makes the country attractive for US optical brands seeking cost-effective production.

Activities include frame assembly, lens finishing, coating, and mounting prescription lenses, with labor costs ranging from $4–6 per hour, creating competitive unit economics.

Local Optical Product Manufacturers

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

As of May 2025, there are 16 optical products manufacturers in the Dominican Republic, concentrated in Distrito Nacional, Santo Domingo Province, and Santiago Province. These companies primarily focus on consumer optical products rather than specialized fiber optic components like optical attenuators. Some companies, such as Zion Optical Distribuidor S.

R. L., operate in Santo Domingo and provide optical distribution services, but they are not confirmed manufacturers of optical attenuators.

Global Context for Optical Attenuators

Optical attenuators, which reduce the intensity of optical signals in fiber optic systems, are typically produced by specialized companies such as Viavi Solutions, DiCon Fiberoptics, and ARCoptix S. A., all of which are based outside the Dominican Republic, mainly in the United States and Europe. These companies manufacture both fixed and variable attenuators for telecom, data center, and industrial applications.

Summary

While the Dominican Republic has a well-established optical products sector, it currently does not appear to host manufacturers of optical attenuators. Companies in the country focus on eyeglass frames, lenses, and optical instruments for export markets. For optical attenuators, businesses typically source from international manufacturers in the US or Europe.

Local firms may provide distribution or assembly services but not specialized attenuator production.

List of Optical products manufacturers in Dominican Republic?

Our list for Optical products manufacturers in Dominican Republic is one of the most comprehensive in the industry. As of March, 2026, we have compiled data on 12 verified listings.

Industry-leading Optical Switches/Attenuators

Best In Class Fiber Optic Components/Modules/Systems Engineered for Performance, Built for Reliability, Cost-Optimized Solutions with Optional U.S. Manufacturing Under the Agiltron brand

Dominican Republic Directory | Dominican Republic Optical Shops

Optic Go Company focused on preventing and optimally solving any anomaly of the visual health of its clients, through highly qualified personnel and state-of-the-art technological equipment.

Variable Optical Attenuators (VOA)

DiCon''s MEMS variable optical attenuator is a high quality VOA based on DiCon''s industry proven MEMS mirror technology. These operate by collecting and collimating light from an input fiber and

Custom Cable Assembly Manufacturing | Fibertronics, Inc.

Fibertronics, Inc. is an SBA certified woman-owned small business providing USA manufactured customized fiber optic and low voltage cable assemblies, and

Optical Attenuators Manufacturers and Suppliers in the USA

Manufacturer of standard and custom fiber optic components & modules. Various products include fiber optic couplers, splitters, planars, combiners, WDMs, attenuators, circulators, isolators and patch

23 Optical Attenuator Manufacturers in 2026

This section provides an overview for optical attenuators as well as their applications and principles. Also, please take a look at the list of 23 optical attenuator manufacturers and their company rankings.

Companies | Search | Photonic Solution Center

Abrisa Technologies is an ISO/ITAR global supplier of high quality, fabricated glass components, optical thin film coatings, and custom glass solutions for a wide variety of industries.

Optical Attenuators – Buyer''s Guide & Suppliers

This buyer''s guide for optical attenuators provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Attenuators

Attenuators from VIAVI offer a complete range of power-balancing options, from fixed to variable optical attenuators in field, lab, and manufacturing environments.

Optical Attenuators – fixed, variable, VOA, high-power,

Optical attenuators are devices that reduce the optical power of a light beam by a fixed or variable amount. Key requirements include minimal effect on the beam

Micromechanical Shutter Variable Optical Attenuator Market ...

The Micromechanical Shutter Variable Optical Attenuator Market is growing differently across regions. North America and Europe are mature markets with strong innovation and stable

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Attenuators Manufacturers and Suppliers in the USA and Canada

Also manufacturer of traffic safety products such as barriers, barricades, ramps, cones, caution tapes, attenuators, speed bumps, and delineators. Features vary depending upon model,

Dominican Republic Directory | Dominican Republic Optical Shops

Dominican Republic Optical Shops Company committed to satisfying the visual needs of its customers with high quality eye care products and diagnostics through a reliable and efficient service and

Fiber Optic Attenuator Single mode Fixed Type LC SC FC ST Supplier ...

Fiber Optic Attenuator Single mode Fixed Type LC SC FC ST Fiber optic attenuator, also called optical attenuator, is a passive device used to reduce the power level of an optical signal.

Attenuators | Authorized Distributor

Attenuators Shop Arrow for attenuators from leading industry manufacturers including Huber Suhner, Analog Devices, TE Connectivity, Amphenol ICC and more. We have a large selection of

Fiber Optic Attenuators

Fiber optic attenuators are used in the fiber optic links to reduce the optical power at a certain level. We supply various kinds of fiber attenuators, including LC, SC, and ST, FC, MU, E2000 and Variable

Optic Fiber Cable Price in Dominican Republic

ASU 12 Core Mini Adss Asu Fiber Optic Cable for Dominican Republic Mini ADSS (All Dielectric Self Supported) fiber optic cable is designed for aerial installations between poles. These
