Fiber Fiber Tray Material Code

Overview

Fibre tray HS Code for Export & Import | Fibre tray Trade HS CodesHS Codes for imported Fibre tray classify products in international trade, ensuring smoot.

Key Takeaways

The most commonly used HS/HSN code for fiber trays is 39269099. HS/HSN Code OverviewFiber trays, including molded fiber trays and fiber optic splice trays, are classified under HS Code 39269099 for international trade purposes. This code falls under the category of other articles of plastics or other materials of headings 3901 to 3914, which covers various molded or fabricated items not specifically listed elsewhere.

It is widely used for both import and export shipments, ensuring smooth customs clearance and accurate duty calculation.

Types of Fiber Trays and Classification

Molded Fiber Trays: Typically used for packaging, food storage, or industrial applications. These trays are made from molded pulp or fiber-reinforced composites and are classified under HS 39269099. Fiber Optic Splice Trays: Used in telecommunications for organizing and protecting fiber optic splices.

These trays also use HS Code 39269099, which is the most popular code for over 7. 2 million export-import shipments globally. Medium Density Fiberboard (MDF) Trays: Trays made from MDF wood have a separate HS code, distinct from molded fiber trays, and are classified under codes specific to wood products.

Practical Use

Using the correct HS/HSN code is essential for: Customs clearance: Ensures accurate tariff and duty calculation. Trade compliance: Avoids misclassification penalties. Market analysis: Helps identify import-export trends and active trading partners.

Additional Notes

Some countries may have 10-digit extensions or TARIC/HTSUS codes for more detailed classification. Always verify with local customs authorities to ensure compliance with country-specific regulations. By using HS Code 39269099, businesses can accurately classify fiber trays for international trade, whether for molded fiber packaging or fiber optic applications.
