Key Takeaways

Atexor and Elektromaster are leading Finnish manufacturers offering certified explosion-proof distribution boxes and customized electrical enclosures.

Atexor Oy

Atexor specializes in designing and manufacturing IECEx, ATEX, and UKEX certified products for hazardous areas, including explosion-proof distribution boxes and lighting solutions. All products are designed and manufactured in Finland, ensuring high quality and compliance with international safety standards. Atexor offers both ready-made and custom-designed solutions to meet specific industrial requirements, making them suitable for bulk or wholesale orders.

Their products are widely recognized for reliability in demanding environments and come with certifications such as UKCA, KOSHA, NEPSI, and DNV (Atexor).

Elektromaster

Elektromaster provides a wide range of electrical cabinets, distribution boards, automation panels, and motor control centers, with the option for customization to meet specific industrial needs. They emphasize high-quality, reliable solutions and have decades of experience in the electrical manufacturing sector. Elektromaster is ISO 9001 and 14001 certified, ensuring consistent quality and environmental standards.

They are capable of handling large-scale orders and provide technical support for installation and project planning (Elektromaster).

Key Considerations for Wholesale Orders

Certifications: Ensure the distribution boxes meet ATEX, IECEx, or other relevant explosion-proof standards for your application. Customization: Both Atexor and Elektromaster offer tailored solutions for specific voltage, size, or environmental requirements. Bulk Supply: Contact the manufacturers directly to discuss wholesale pricing, lead times, and shipping options.

Complementary Products: Consider pairing distribution boxes with explosion-proof lighting, enclosures, or control panels for complete hazardous area solutions. For sourcing in Finland, Atexor is ideal for certified explosion-proof solutions with international compliance, while Elektromaster is suitable for customized electrical cabinets and distribution boards for industrial applications. Both companies can accommodate wholesale and large-scale orders.
