Gulf region supplier OS2 hollow fiber

Overview

Middle East and Africa Hollow Fiber Market Size, Regions, Supply Local Suppliers & Logistics: Identify and establish partnerships with regional raw materia.

Key Takeaways

Key suppliers of OS2 hollow fiber optic cables in the Gulf region include Cables House, Gulf Fiber Optic, and OPTIMAL CONNECTIVITY, all based in Dubai and serving the GCC and MENA markets.

Leading Suppliers

Cables House Cables House is a Dubai-based ISO-certified distributor and stockist of fiber optic cables, including 6-core outdoor OS2 loose-tube, steel-armored, jelly-filled cables suitable for telecom and industrial applications. They provide a wide range of fiber optic solutions, including single-mode OS2, OM3, and OM4 cables, along with accessories like patch cords, pigtails, and splicing equipment. Their services include project support, technical consultation, and reliable delivery across the UAE and GCC.

Gulf Fiber Optic Gulf Fiber Optic, also based in Dubai, supplies fiber optic cables to sectors such as telecom, oil & gas, and utilities. They partner with internationally recognized cable manufacturers and ensure quality through on-site QA inspections during production. Their portfolio includes OS2 fiber cables tailored to technical, project, and commercial requirements, offering competitive pricing and compliance with end-user specifications.

OPTIMAL CONNECTIVITY OPTIMAL CONNECTIVIT

Y provides fiber optic connectivity solutions across the UAE, GCC, and MENA region. They distribute high-quality European and American fiber optic brands and offer services including solution development, customized product development, project management, and field services. Their expertise covers both indoor and outdoor fiber applications, including OS2 single-mode cables for high-performance data transmission.

Considerations for Selection

When sourcing OS2 hollow fiber cables in the Gulf region, consider: Cable type and specifications: Loose-tube, armored, jelly-filled, or standard OS2 single-mode. Supplier certifications: ISO certification and adherence to international quality standards. Project support: Availability of technical consultation, installation support, and QA oversight.

Delivery and regional coverage: Ability to supply across UAE, GCC, and MENA markets. These suppliers provide a combination of high-quality products, regional availability, and technical support, making them suitable for telecom, industrial, and data center applications requiring OS2 hollow fiber optic cables.
