How much does Huijue 12-core optical cable cost per meter

Overview

12 Core Fiber Optic Cable PriceDiscover 12 core fiber optic cable price for aerial, FTTH, and telecom use. CE/ROHS certified, PE jacket, steel/FRP strength.

Key Takeaways

The cost of a 12-core optical cable typically ranges from $0. 50 to $1. 50 per foot ($1.

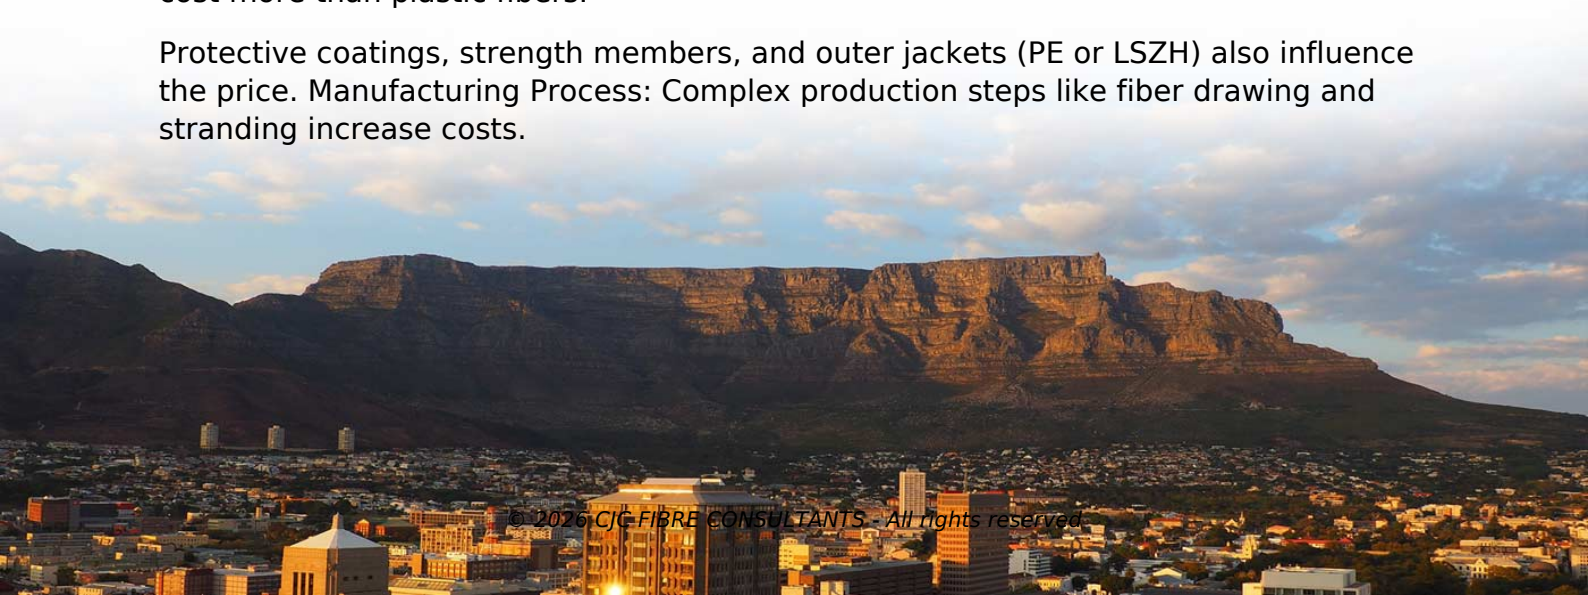

64 to $4. 92 per meter) depending on fiber type, material quality, and purchase volume.

Estimated Pricing

For a 12-core optical cable, the price depends on several factors: Fiber Type: Single-mode fiber is generally cheaper than multimode fiber, with 12-strand cables averaging around $0. 50 per foot, while multimode or higher-performance cables can reach $1. 00 per foot or more (approximately $1.

64–$3. 28 per meter). Material Quality: Glass fibers offer superior performance but cost more than plastic fibers.

Protective coatings, strength members, and outer jackets (PE or LSZH) also influence the price. Manufacturing Process: Complex production steps like fiber drawing and stranding increase costs.

Factory-direct OE

M purchases can reduce per-meter prices, especially for bulk orders. Market and Supplier: Chinese manufacturers often provide competitive pricing, with Tier 1 brands like Corning or YOFC costing more than local generic brands by 10–15%. Wholesale vs RetailWholesale Bulk Purchase: Prices can drop to $0.

09–$1. 52 per foot ($0. 30–$5 per meter) depending on order size and customization.

Retail or Pre-

Terminated Cables: Factory-terminated assemblies or patch cables are more expensive due to labor and connector costs.

Additional Considerations

Installation: If including installation, labor, trenching, and termination can significantly increase total project costs, sometimes exceeding $2–$3 per foot for indoor runs and $4–$6 per foot for outdoor or armored cables. Cable Features: Armored, plenum-rated, or outdoor-rated cables cost more than standard indoor cables. In summary, a Huijue 12-core optical cable is likely to cost between $1.

64 and $4. 92 per meter for standard glass fiber, with prices varying based on fiber type, jacket material, and purchase volume. Bulk orders or factory-direct sourcing can reduce costs, while pre-terminated or specialized cables will be at the higher end of the range.
