How much does a metal ladder-type cable tray cost in Kuwait

Overview

Our cable support systems are available in two types- Ladder cable tray and perforated cable tray. These are good replacement of those cable trays that easily get corrode, spread heat and erode.

Key Takeaways

Metal ladder-type cable trays in Kuwait typically range from KD 10 to KD 50 per 2. 4-meter section, depending on material and finish.

Price Overview

The cost of ladder-type cable trays depends on the material, coating, and length: Pre-Galvanized Steel (PG): Most affordable option, suitable for indoor, dry areas like offices or schools. Prices start around KD 10–15 per 2. 4-meter tray.

Hot-

Dip Galvanized Steel (HDG): More durable for outdoor or industrial environments, resistant to corrosion and white rust. Prices typically range KD 20–30 per 2. 4-meter tray.

Aluminum: Lightweight and corrosion-resistant, often used where weight reduction is important. Prices are higher, around KD 25–40 per 2. 4-meter tray.

Stainless Steel: Premium option for highly corrosive or hygienic environments, such as food plants or coastal areas. Prices can reach KD 40–50 per 2. 4-meter tray.

Cable tray fittings (bends, tees, reducers, couplers) are priced separately, usually per piece, and can add to the overall project cost.

Suppliers in Kuwait

Several suppliers provide ladder-type cable trays: Alnafaa Group: Offers steel, aluminum, and FRP/GRP ladder trays with various fittings and accessories, suitable for industrial and commercial projects. Brilltech Engineers: Supplies durable steel ladder trays with corrosion-resistant coatings and customizable options for different cable sizes. Local distributors: Many distributors in Kuwait provide hot-dip galvanized and aluminum trays, often with delivery and installation support.

Additional Considerations

Installation: Ladder trays are easier and faster to install than conduit systems, saving labor costs and time. Durability: Material choice affects lifespan; HDG and stainless steel are preferred for outdoor or high-humidity environments. Customization: Trays can be cut to size and configured for specific routing requirements, which may slightly increase cost.

In summary, for a standard 2. 4-meter metal ladder-type cable tray in Kuwait, expect to pay KD 10–50 per section, with the final cost influenced by material, coating, and project-specific fittings.
