How to hide the cable tray

Overview

Don't want to screw a cable management tray to your desk?

For a less permanent option, stick a few pieces of double-sided tape to the flat side of a power strip. Then, press it to the back of the desk or underneath your table. Whether you're working from home or creating the perfect entertainment space, keeping cables out of sight makes a big difference. Managing cables effectively transforms a chaotic mess into a streamlined environment, making your workspace more inviting and functional.
