Huijue Electrical Distribution Box Model Specifications

Overview

HUX-50 series distribution box is made of metal materials, and the panel is made of flame-retardant material ABS. Altitude: ≤2,000m for mounting site. Ambient temperature:Limited temperature -25°C - +40°C. Crafted from high-quality stainless steel and steel sheets, this distribution box offers superior durability and corrosion. The HuiJue HJ-P55 Floor Stand Waterproof Metal Electrical Box is a high-strength enclosure designed for reliable protection of electrical and electronic equipment in both indoor and outdoor environments. It consists of three prefabricated cabins-engineered with power output demands at the megawatt level: 10, 20, and 40 feet in length. Installation method: Flush mounted on hollow wall, Surface mounted.
