IK10 Oil Pipeline Monitoring Cabinet

Overview

The cabinet features IP66, NEMA 4X, and IK10 ratings, and complies with the 4M4 vibration standard. Its low weight, stainless steel mounting plate, pre-mounted cable gaskets, DIN rail, and cabinet door screws enable easy installation. It protects equipment from harsh environments, vandalism, and extreme temperatures, with an operating range of -40 °C to +75 °C (-40 °F to 167 °F). Keywords Created DateRedundant data transmission OG Pipelines G IK10 XX 30406 Title Subject Reliable and secure communication (integrated firewall, IPSec/VPN) for end-to-end data availability along the pipeline can be monitored with process instrumentation. Keywords Created DateYoAhorroEnergia Data Infrastructure (YAE) delivers modular data centers, edge data centers, server rack systems, cold/hot aisle containment, EMS, smart PDU, and AC/DC distribution solutions for Africa and Europe. It protects mains power and low-voltage units from tough weather and vandalism. The AXIS T98A17-VE Surveillance Cabinet is a unique, outdoor-ready cabinet, specially.
