Fos

Rich also offers technical expertise and training for electrical and alternative energy applications.

Carisol Group

Carisol supplies electrical distribution panels and potheads, including 8-way and 12-way breaker panel boxes. Their products are designed for efficient power distribution and secure housing of circuit breakers, suitable for various electrical applications across Jamaica.

Leecorp Ltd

Leecorp specializes in industrial power distribution, control systems, and renewable energy projects. Partnering with Siemens, they provide high-voltage switchgear, distribution panels, and turnkey solutions for large-scale projects. Their team includes engineers and technicians capable of design, installation, and commissioning of complex electrical systems.

Enersave Solutions

Enersave Solutions offers combiner boxes and distribution panels, catering to both commercial and renewable energy applications. They provide islandwide service and support for electrical distribution needs. These companies collectively cover a broad spectrum of power distribution solutions in Jamaica, from residential AC distribution boxes to industrial switchgear and renewable energy integration, making them reliable options for specialized electrical projects.
