Rapidtech Networks Limited offers a wide variety of trays including ladder, solid bottom, perforated, wire mesh, trunking, and busway trays. They provide galvanised steel options for indoor and outdoor installations, suitable for heavy-duty industrial applications.

Key Considerations for Quotation

Material: Galvanized steel, stainless steel, or aluminum depending on environmental conditions and load requirements. Type: Ladder trays for heavy cables, perforated trays for moderate airflow, solid bottom trays for sensitive environments, and wire mesh trays for flexible access. Dimensions: Standard lengths of 8 feet, widths from 25mm to 100mm, and heights from 50mm to 600mm.

Custom sizes are available. Accessories: Fittings, bends, covers, and supports may affect the final quotation. Delivery: Most suppliers offer nationwide delivery; some provide same-day shipping in Nairobi.

For an accurate quotation, it is recommended to contact suppliers directly with your project specifications, including tray type, material, dimensions, quantity, and any customization requirements. This ensures the quotation reflects both product and delivery costs.
