MTS8000 Optical Time Domain Reflectometer Price

Overview

Mts8000 for sale | eBayGet the best deals for Mts8000 at eBay.com. We have a great online selection at the lowest prices with Fast & Free shipping on many.

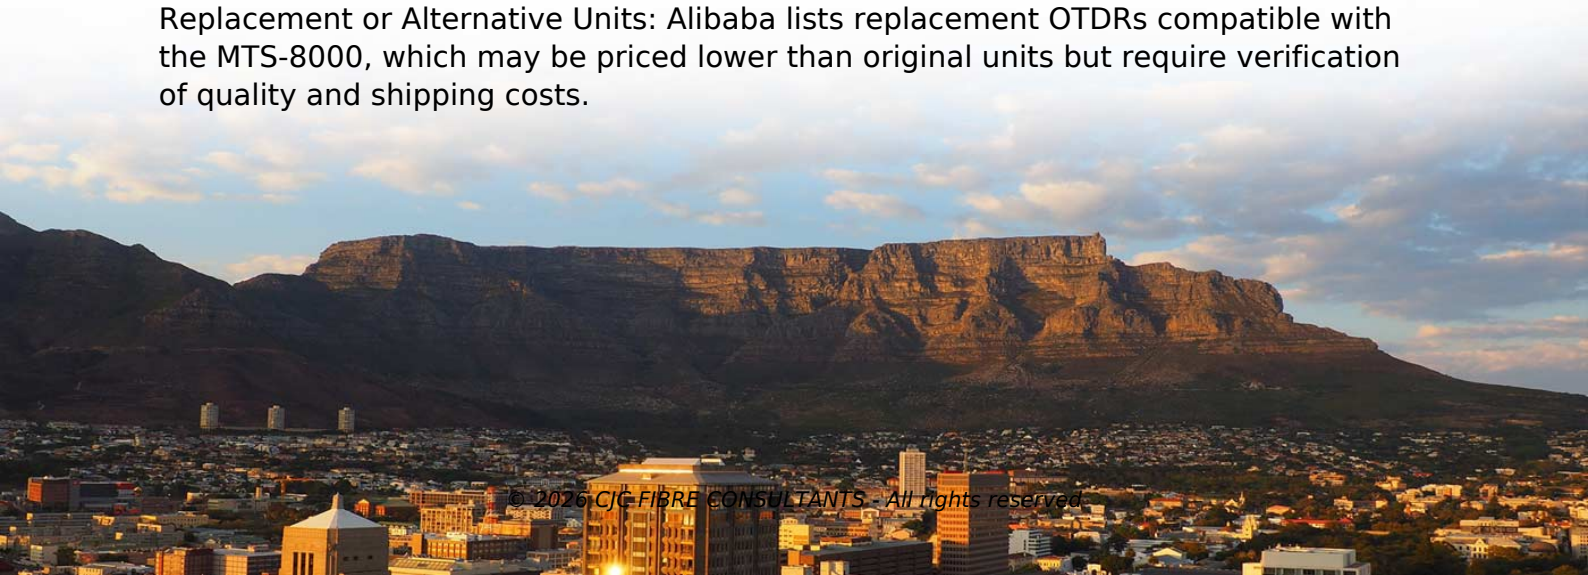

Key Takeaways

The price of the MTS8000 OTDR varies widely depending on whether it is new, refurbished, or a replacement unit, typically ranging from several thousand to tens of thousands of dollars.

Pricing Overview

New Units: The T-BERD/MTS-8000 DTSS from Viavi Solutions Inc. is available through distributors like GoPhotonics, where pricing is provided upon request. New units are generally at the higher end of the price spectrum due to advanced features and full warranty coverage. Refurbished or Open Box Units: Platforms like eBay offer open-box or refurbished MTS-8000 units.

Prices can vary significantly based on condition, included accessories, and seller location. Financing options may be available, allowing payment over several months. Replacement or Alternative Units: Alibaba lists replacement OTDRs compatible with the MTS-8000, which may be priced lower than original units but require verification of quality and shipping costs.

Factors Affecting Price

Condition: New, refurbished, or open-box units have different price points. Included Accessories: Some packages include light sources, power meters, or software, which can increase the cost. Vendor and Region: Prices vary by distributor, country, and shipping fees.

Customization or Bulk Orders: Custom configurations or bulk purchases may affect delivery time and total cost.

How to Obtain Pricing

Request a Quote: For new units, contacting authorized distributors like GoPhotonics or Viavi Solutions directly is recommended to get an accurate quote. Check Online Marketplaces: eBay and Alibaba provide listings for used or replacement units, often with immediate pricing and shipping options. Refurbished Equipment Suppliers: Companies like American Tech Supply offer refurbished MTS-8000 OTDRs at reduced prices, which can be a cost-effective option for professional use.

In summary, the MTS8000 OTDR price is not fixed and depends on condition, vendor, and included features. Prospective buyers should compare new, refurbished, and replacement options and request quotes from authorized distributors to determine the most suitable purchase option.
