New Zealand Steel Cable Tray Models

Overview

Shop a wide range of cable trays and cable baskets at RS NZ. Explore stainless steel, mesh, rolled edge options and more for your cable management needs.

Key Takeaways

Leading steel cable tray brands in New Zealand include MSS, USL Multistrut, Steel & Tube, Ideal Electrical, and Stern Cable Trays. Key Brands and Suppliers1. Mechanical Support Systems (MSS) MSS is a New Zealand-based specialist in cable containment systems, offering locally manufactured trays, ladders, baskets, and framing.

Their products are designed for commercial, industrial, and infrastructure projects, with customized solutions, seismic compliance, and fire-tested systems.

MS

S emphasizes local steel sourcing, quality control, and professional installation services, making it a trusted end-to-end provider in New Zealand. 2.

USL Multistrut US

L Multistrut manufactures and supplies electrical and mechanical support systems, including cable trays, brackets, channels, and fixings. Their products are engineered for New Zealand conditions and comply with local standards. They offer flexible design options, pre-fixed joiners for faster installation, and support for HVAC, electrical, and communications projects.

3. Steel & Tube (EzyTray) Steel & Tube provides a full range of cable trays and ladders suitable for all cable containment needs. They offer BIM-enabled 2D and 3D CAD details, take-offs from plans, and quotations.

Their Ezy

Tray system is widely used in commercial and industrial projects across New Zealand. 4. Ideal Electrical Suppliers Ideal Electrical stocks Runnur Solar Cable Trays with high corrosion resistance, made from Zn-Mg-Al alloy-coated steel.

They provide a variety of sizes and configurations suitable for electrical and data cabling, with nationwide availability through their stores and online platform. 5. Stern Cable Trays via Equip Supply Stern Cable Trays are durable, easy-to-install steel trays for electrical and data cabling.

They are designed for commercial and industrial projects, offering strong support and compliance with safety standards. Equip Supply provides online purchasing and nationwide delivery. Considerations for Choosing a BrandProject requirements: Commercial, industrial, or infrastructure projects may require specific load ratings, fire protection, or seismic compliance.

Local manufacturing: Brands like MSS and USL Multistrut offer locally produced trays, which can reduce lead times and improve quality control. Installation support: Some suppliers provide professional installation services or pre-fabricated joiners to reduce labor costs. Compliance: Ensure the trays meet NZS 4219 seismic standards and AS/NZS 3013 fire testing if required.

These brands represent the most recognized and reliable steel cable tray options in New Zealand, offering a combination of quality, compliance, and local support.
