Oman Optical Separator High Temperature Resistant Manufacturer Direct Supply

Overview

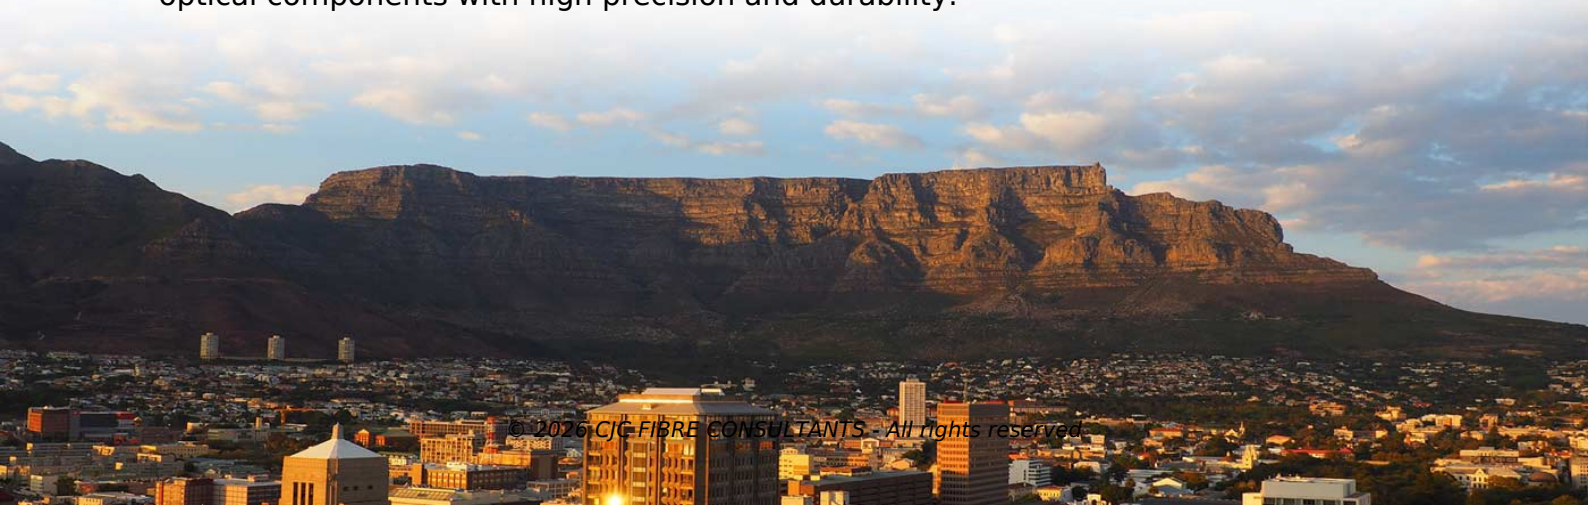

Perfect Vision Trading & Services LLCPerfect Vision Trading & Services LLC Corporate Office, First Floor No 104, Near Lifeline Hospital, Way no 2851, Darsa.

Key Takeaways

Acacia Oman is a leading provider of optical components and assemblies in Oman, capable of supplying high-temperature resistant optical separators with direct engineering support.

Acacia Oman

Acacia Oman specializes in optical system integration and opto-mechanical assemblies, offering solutions from design and fabrication to testing and integration. Their capabilities include CNC polishing, three-coordinate measurement, interferometry, and photoelectric testing, enabling the production of high-temperature resistant optical separators suitable for industrial and research applications. They have successfully implemented projects across more than 30 enterprises and institutions, demonstrating experience in delivering customized optical components with high precision and durability.

Key Services and Capabilities

Design and development of optical components and assembliesFabrication of opto-mechanical assemblies with high-temperature toleranceFull process control from design to integration and inspectionAdvanced equipment for precision manufacturing, including CNC polishing and interferometryEngineering support for system integration and performance optimizationOther Potential SuppliersWhile Acacia Oman is specialized in optical systems, other companies in Oman may provide complementary industrial components or support: Alpha Technical Trading and Supply LLC: Supplies instrumentation, temperature sensors, and mechanical components, which may be relevant for integrating optical separators into industrial systems.

Salasel Engineering Solutions LL

C: Offers a wide range of mechanical and electrical components for oil, gas, and industrial applications, including valves, pipes, and fittings, which could support the installation environment of optical separators.

Recommendation

For direct supply of high-temperature resistant optical separators, contacting Acacia Oman is the most suitable option due to their specialized expertise in optical components and custom fabrication. It is recommended to provide detailed specifications, including temperature range, optical material requirements, and intended application, to ensure the supplier can deliver a tailored solution. Contact Acacia Oman: Visit their website at acaciaoman.com to request a quote or discuss technical requirements.
