Price of Armored Optical Cable Stripping Machine

Overview

Shop our selection of fiber optic stripping machines for efficient cable preparation. Perfect for telecom and datacom applications. Bulk orders and OEM available.

Key Takeaways

Armored optical cable stripping machines typically range from $200 to over $5,000 depending on automation, capacity, and precision features.

Overview of Pricing

Manual and Compact Strippers Small, portable armored cable strippers designed for multi-core cables or light-duty use are available on platforms like Amazon and Fiber-Life.com. Prices for these tools generally range from $200 to $500. These models are lightweight, ergonomic, and suitable for technicians handling occasional fiber installations, offering precision cutting for cables 4mm–10mm in diameter.

Semi-

Automatic Machines Machines with adjustable blades, pneumatic tools, and multi-angle cutting capabilities for medium-scale operations typically cost between $1,000 and $3,000. These units provide higher efficiency, durability, and versatility for multi-core or armored cables, often including features like blade rotation, cross and longitudinal cuts, and compact portability. Fully Automatic Industrial Machines High-end armored optical cable stripping machines, such as those used in large-scale fiber network installations, can exceed $5,000.

These machines often include multiple units for cable pay-off, cutting, stripping, and coiling, with computer-controlled interfaces for precise length, speed, and tension management. They are designed for high-volume production, capable of processing long armored cables quickly and accurately.

Factors Affecting Price

Automation Level: Fully automatic machines cost significantly more than manual or semi-automatic models. Cable Type Compatibility: Machines that handle armored, multi-core, or high-fiber-count cables are priced higher. Precision and Speed: High-speed stripping with minimal fiber damage increases cost.

Build Quality: Industrial-grade materials and robust mechanical structures add to the price. Additional Features: Integration with MES systems, adjustable blade settings, and multi-function capabilities (cutting, stripping, winding) can increase cost.

Purchasing Options

Alibaba: Offers a wide range of armored fiber optic stripping machines with customizable specifications; prices vary and often require direct inquiry for quotes. Amazon: Provides smaller, portable armored cable strippers suitable for technicians and DIY use, with prices typically under $500. Specialized Suppliers: Companies like Fiber-Life.com sell precision slitting tools for professional fiber optic installations, priced around $200–$400 for single units.

For large-scale or industrial deployments, contacting suppliers directly is recommended to obtain accurate pricing, shipping, and customization options.

Efficient Fiber Optic Stripping Machines for Cable Cutting

Shop our selection of fiber optic stripping machines for efficient cable preparation. Perfect for telecom and datacom applications. Bulk orders and OEM available.

Amazon : Armored Cable Cutter

Discover efficient cable cutters designed for clean, burr-free cuts. Browse quality tools for electricians and DIY projects.

Fiber Optic Cable Cutter Armoured Optical Cable Stripper Fiber

Easy and precise stripping: The armoured cable stripper is designed for horizontal and vertical stripping of cables. With the ability to rotate and change blades, it provides precise and

Steel wire armoured fiber optic cable stripping machine

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Browse through the offers and find wholesale steel wire armoured fiber optic cable stripping machine, rs232 communication cables, and much more. The many types of communication cables each have

Fiber Cable Stripping Machines

Explore our online store for Fiber Cable Stripping Machines in various configurations, with worldwide distribution. Free shipping on orders over $200.

Armored Fiber Optic Cable Stripping Tool SI

□Wide use□: This cable stripper can cut sheaths of various materials. Such as PVC, PE, steel armor sheath and non-metallic reinforced component fiber optic

Horizontal and Vertical Peeling Machine, Armoured Cable Stripping ...

Compact and portable: with a length of approx. 130mm and weighing only 280g, this cable stripper is compact and lightweight. It is easy to carry and use, making it suitable for both

Aluminum Alloy Armored Optical Cable Stripper 8-28.6mm Fiber Slicer ...

It is designed to strip 8-6mm multi-core optical cable casings, making it a versatile tool for various cable stripping applications. Whether you''re working on large or small cables, this stripper

ONTi Armored Cable Cutter ACS-2 Optical Cable Slitter 4 ...

Fiber Cables|ONTi Armored Cable Cutter ACS-2 is a versatile fiber optic equipment designed for longitudinal and transverse stripping of armored, aluminum, and other optical cables with a precision

Armored Fiber Cable Slitter 4mm-10mm

Enhance your fiber optic cable preparation with the Armored Fiber Cable Slitter 4mm-10mm, designed for quick and precise slitting of armored and non-armored fiber cables.

Amazon : Cable Cutter Machine

1-48 of over 1,000 results for "cable cutter machine" Showing products near you, with fast delivery See all products, across price ranges.

Fiber Cable Stripping Machines

Fiber Cable Stripping Machines Fiber Cable Stripping Machines are devices used to remove the outer jacket of fiber optic cables. These machines are commonly used in the manufacturing and

8-28MM Wire Stripper, FTTH Armored Fiber Optic Cable Stripper,

© 2026 CJC FIBRE CONSULTANTS - All rights reserved

Product description Product Features Wide Application Cable stripper is a armored cable jacket cutting tool for armored cables such as feeder cables, central tube cables, stranded cables or other 8mm-28mm (0.315"-1.102")cable. Exquisite Forging Precision steel blade will cut through the toughest materials,

Amazon : Armored Cable Cutter

Optical cable stripping knife Armored stripper 8-28.6mm Vertical and horizontal Dual use type Fiber optic cutter with 1 spare blade Mid Span Slit and Ring Tool Slitting Tool

Efficient Fiber Optic Cable Stripping Machines for All Needs

Types of Fiber Optic Cable Stripping Machines A fiber optic cable stripping machine is an essential tool in telecommunications, data networking, and fiber installation environments. It precisely removes the

Fiber Cable Slitters Types Prices & Technical Specifications

Fiber Cable Slitters The fiber slitter''s main body is made of high quality material, which will not rust and durable.The fiber slitter, wire stripper cable is suitable for all kinds of optical fiber optic cutter.The

Tyenaza Armored Cable Stripper, Adjustable Height 4 to 10mm

Material: Alloy Steel, Aluminum Alloy Use: This wire stripper is a professional cutting tool for armored fiber optic cable sheaths, which can be used for armored fiber optic cables, optical cables, wires,

Young Dance Armored Cable Stripper 8-28mm Wire Coax Mid Span

□□□Wide Application□□Fiber Optic Cable Stripper is a professional armored cable sheath cutting tool, suitable for feeder cable, center bundle tube cable, layer stranded cable and other armored cables.The main purpose is to cut the armor sheath of the outer layer of the cable to obtain the fiber lead inside.
