Price of New Fiber Optic Connector

Overview

Newest Fiber Optic Connectors – MouserMouser offers inventory, pricing, & datasheets for Fiber Optic Connectors. New Fiber Optic Connectors Learn more abou.

Key Takeaways

Fiber optic connector prices typically range from €1 to €15 per unit, depending on type, mode, and manufacturer.

Price Overview

The cost of new fiber optic connectors varies widely based on connector type, mode, and quality: SC, LC, ST, FC connectors: Common singlemode or multimode connectors generally cost €1–€5 per unit when purchased individually from distributors like Mouser, DigiKey, or Farnell Germany.

High-precision AP

C connectors: Angled Physical Contact (APC) connectors, used for low return loss applications, typically range from €3–€10 per unit. MPO/MTP connectors: Multi-fiber connectors for high-density applications can cost €8–€15 per unit, depending on fiber count and manufacturer. Bulk packs or pre-terminated assemblies: Buying in packs (e.g., 12 or 24 connectors) can reduce the per-unit cost, sometimes to €0.

80–€2 per connector.

Factors Affecting Price

Mode: Singlemode connectors are generally slightly more expensive than multimode due to tighter tolerances. Polish type: APC connectors cost more than UPC (Ultra Physical Contact) due to angled ferrule polishing. Brand and quality: Premium brands like TE Connectivity, Amphenol, or Molex may charge higher prices for certified performance and durability.

Quantity: Larger orders or pre-terminated assemblies reduce the per-unit cost. Application: Industrial or data center-grade connectors with high durability and low insertion loss are priced higher than standard lab or consumer-grade connectors.

Where to Buy

Distributors: Mouser, DigiKey, Farnell Germany offer a wide selection with datasheets, inventory, and same-day shipping. Online marketplaces: Amazon provides smaller packs suitable for DIY or small-scale projects. Manufacturers: PHXFiber and similar companies offer direct purchase options for bulk or specialized connectors.

In summary, expect to pay €1–€15 per new fiber optic connector, with the exact price depending on type, mode, polish, and quantity. For bulk or high-density applications, MPO/MTP connectors and APC types are at the higher end of the range.
