Price of concealed waterproof distribution box

Overview

WPN Waterproof Distribution Box with ABS body, smoked PC door and DIN rail. IP65, CE & RoHS. Single and multi-row models from 4 to 18 ways.

Key Takeaways

Concealed waterproof distribution boxes typically range from £20 to £150 depending on size, IP rating, and material.

Price Range and Factors

The cost of a concealed waterproof distribution box varies based on several factors: IP Rating: Boxes with IP54 to IP65 protection are suitable for damp or outdoor environments, with higher ratings generally costing more. Material: Common materials include flame-retardant ABS for corrosion resistance or galvanized steel for strength, which can influence price. Size and Capacity: Larger boxes that accommodate more circuit breakers or wiring space are more expensive.

Compact models for small installations are at the lower end of the price range. Certifications: UL, CE, or CQC certifications ensure compliance and safety, often adding to the cost. Supplier and Brand: Established suppliers with proven track records or customizable options may charge a premium.

Typical Pricing Examples

Small AB

S IP65 concealed boxes: Around £20–£40 for basic indoor/outdoor use. Medium-sized boxes with DIN rail support: Approximately £50–£90, suitable for residential or small commercial setups. Large or customizable concealed boxes: Can reach £100–£150 or more, especially for industrial applications or pre-assembled kits.

Additional Considerations

Installation Costs: Concealed boxes require professional installation, which may add to the total project cost. Accessories: Some boxes include mounting plates, gaskets, or pre-assembled wiring kits, which can affect the price. Bulk Orders: Suppliers often offer discounts for multiple units or custom builds.

For purchasing, online marketplaces like Amazon and specialized suppliers such as SinoBreaker or Accio provide a range of options with immediate shipping and detailed specifications.
