Quantum Communication Optical Cable Splice Box 48 Cores

Overview

Fiber optic splice closure for 48 cores. Mechanical performance comply with IEC10113-1 standards. WT-SF05-96A&48B provide with 6 fiber cable in-out round ports and the cable diameter is from 7~20mm. It is widely applied to the splicing and distributing variable optical cables by aerial, duct and burier. This product is made of high-quality ABS+PC and with the mechanical seal structure filled. 48 core Fiber Optic Splice Closure FOSC Waterproof Horizontal cable Joint Closure Description: Fiber Optic Splice Closure (FOSC) is a member of dome series. Flexible Mounting Options: Supports wall-mounting and pole-mounting, providing. FIMP-XLE splice boxes stand out as an ideal solution for industrial environments, combining a compact form factor with robust design features. Aerially assembling, pipeline assembling and buried underground are all available. The input and output are on the both.
