Recommended manufacturers of fireproof cable trays in Dubai

Overview

Fire-Resistant Cable Trays | Cable Tray Manufacturers in UAE | West Cable tray manufacturers in UAE and cable tray suppliers in Dubai provide fire-resistan.

Key Takeaways

Dubai offers several manufacturers and suppliers of fire-resistant cable trays, including Unigroup, Hutaib Electricals, and Ferrotech FRP, providing durable, compliant, and versatile cable management solutions. Key Manufacturers and Suppliers1. Unigroup Unigroup manufactures a wide range of cable trays in Dubai, Abu Dhabi, and Sharjah, including perforated, ladder, wire mesh, and GRP cable trays.

Their products are designed for fire resistance, corrosion protection, and load-bearing capacity, suitable for commercial, industrial, and utility applications. Trays are engineered for ease of installation, long-term reliability, and compliance with international safety standards. They also provide full accessories and support systems for scalable cable routing solutions.

2. Hutaib Electricals Hutaib Electricals offers fire-resistant ladder-type, perforated, wire mesh, and solid-bottom cable trays tailored for Dubai's high-rise and commercial buildings. Their trays are made from galvanized steel, aluminum, and stainless steel, ensuring corrosion resistance and durability.

Fire-rated trays are critical for preventing overheating and electrical hazards in extensive electrical systems. Hutaib also provides modular components for easy installation and maintenance, supporting Dubai's dynamic construction projects. 3.

Ferrotech FR

P Cable Trays Ferrotech specializes in FRP (Glass Reinforced Polyester) cable trays, manufactured from fire-retardant, corrosion-resistant thermoset resins. These trays are ideal for environments where metallic trays may corrode. They offer perforated and ladder-type systems with a full range of fittings and accessories such as bends, tees, reducers, clamps, and couplers.

FR

P trays provide UV resistance, electrical insulation, low thermal conductivity, and no earthing requirement, making them suitable for harsh or outdoor conditions. Types of Fireproof Cable Trays Available in DubaiLadder-Type Cable Trays: For heavy-duty cables and high load capacity. Perforated Cable Trays: Allow ventilation and heat dissipation.

Wire Mesh/

Basket Trays: Lightweight, ideal for IT and telecom cabling.

Solid-

Bottom Trays: Protect sensitive cables from dust and fire. FRP/GRP Trays: Non-metallic, fire-retardant, corrosion-resistant, and lightweight.

Considerations for Selection

Fire Resistance: Ensure trays meet fire safety standards for high-rise and commercial buildings. Material: Choose galvanized steel, stainless steel, aluminum, or FRP based on environmental conditions. Load Capacity: Select trays that can support the combined weight of all cables.

Installation and Maintenance: Modular and pre-fabricated designs simplify installation and reduce labor costs. Accessories: Include bends, tees, reducers, clamps, and couplers for complete cable management. These manufacturers provide customizable solutions to meet Dubai's construction and safety requirements, ensuring efficient, safe, and long-lasting cable management systems.
