Rwanda Access Switch DML

Overview

untries in the world, raising its electrification rate from single digits to 61 percent (as of 2021) in twelve years.

Key Takeaways

Dreams Money Lenders Ltd (DML) leverages Rwanda's RSwitch infrastructure and the eKash platform to provide accessible, interoperable digital financial services to micro-entrepreneurs and underserved populations.

R

Switch OverviewRSwitch is Rwanda's national e-payment switch, established in 2003, which enables electronic payment settlements, interoperability, and financial solutions across banks, microfinance institutions, SACCOs, and mobile money operators. Through its SmartCash card system and the eKash platform, RSwitch facilitates instant money transfers, online payments, and merchant collections, supporting Rwanda's transition toward a cashless economy. eKash, developed in collaboration with AfricaNenda Foundation and powered by Mojaloop, ensures full interoperability across financial service providers, allowing users to send and receive money instantly regardless of their service provider.

Dreams Money Lenders Ltd (DML)DML is a licensed Rwandan financial institution focused on promoting financial inclusion and economic empowerment, particularly for micro-entrepreneurs, farmers, youth, and small business owners.

L provides affordable loans for agricultural inputs, livestock projects, salary-based employees, and small business operations, with flexible repayment options tailored to clients' real-life needs. By integrating with Rwanda's digital payment infrastructure, DML can offer faster, more secure, and interoperable financial services, enhancing access for rural and underserved populations. Integration with RSwitch and eKashThrough Rwanda's National Digital Payment System (eKash), DML can leverage digital channels to: Disburse loans and receive repayments digitally, reducing reliance on cash and improving transaction security.

Enable interoperability with banks, SACCOs, microfinance institutions, and mobile money operators, allowing clients to transact seamlessly across platforms. Support financial inclusion for women, youth, and marginalized groups by providing access to digital financial services in line with Rwanda's Vision 2050 goals. Facilitate bulk payments and salary deductions, streamlining operations for both clients and the institution.

Impact on Financial InclusionThe collaboration between DML and RSwitch/eKash strengthens Rwanda's digital financial ecosystem by: Expanding access to affordable, reliable, and interoperable financial services. Reducing barriers for rural and low-income populations to participate in the formal financial system. Supporting Rwanda's cashless economy initiatives and broader economic empowerment strategies.

In summary, DML's use of Rwanda's Access Switch and eKash platform enables efficient, secure, and inclusive financial services, aligning with national objectives to enhance digital financial infrastructure and promote economic growth across all sectors of society.
