Sudanese electrical distribution boxes

Overview

Sudan Electrical Distribution Box Suppliers Buyers & Importers. Sell Sudan Electrical Distribution Box Suppliers in bulk to verified buyers and importers.

Key Takeaways

S. E. S Electric Company and the Sudanese Electricity Distribution Company Ltd. (SEDC) are among the leading providers of electrical distribution solutions in Sudan.

S. E. S Electric CompanyS.

E. S Electric Company is a prominent Sudanese manufacturer specializing in high and low voltage electrical equipment, including transformers, cables, wooden electric poles, and distribution boxes. The company operates factories in Sudan and Turkey, offering turnkey EPC services for overhead transmission lines, substations, distribution lines, and power plants.

Their strong engineering and financial structure, along with a skilled workforce, ensures high-quality products and reliable service for both domestic and international markets. Sudanese Electricity Distribution Company Ltd. (SEDC)SEDC is a government-established company responsible for electricity distribution across Sudan. While primarily a distribution operator, SEDC adheres to international standards in planning and implementing electrical distribution systems.

They maintain a specialized customer service center and an Automatic Control Center, ensuring reliable and safe electricity delivery.

SED

C collaborates with manufacturers and suppliers to provide standardized distribution boxes and related equipment throughout Sudan.

International Manufacturers Serving Sudan

While not Sudanese, companies like CSQ Electric and GEYA are reputable international suppliers of low-voltage distribution boxes and related electrical equipment. They offer certified products (ISO, UL, CE) and can provide solutions for industrial, commercial, and residential applications in Sudan, often through local distributors or project partnerships.

Summary

For locally manufactured and reliable electrical distribution boxes in Sudan, S. E. S Electric Company is the primary choice for high-quality products and turnkey solutions.

SED

C ensures standardized distribution systems and operational reliability across the country. For specialized or advanced low-voltage distribution boxes, international suppliers like CSQ Electric and GEYA can complement local sourcing.
