Turkmenistan Tray Cable Tray Specifications

Overview

Cable Trays In TurkmenistanWe, one of the well-known Cable Trays Manufacturers in Turkmenistan, offer top-notch trays that keep your electrical system orga.

Key Takeaways

Cable trays in Turkmenistan are available in galvanized steel, stainless steel, FRP, and aluminum, with ladder, perforated, and trough designs, compliant with international standards for industrial and commercial applications.

Materials and Coatings

Cable trays in Turkmenistan are manufactured from galvanized steel, stainless steel (SS304, SS316), FRP, and aluminum, offering durability and corrosion resistance for indoor and outdoor applications ( ). Coatings include hot-dip galvanization, pre-galvanization, electrostatic powder coating, and Corten-A, providing protection against harsh environments and chemical exposure ( ).

Types and Models

The main cable tray models available include: Ladder trays: Ideal for high-load energy cables, providing ventilation and heat dissipation ( ). Perforated trays: Suitable for medium-density cable installations, allowing easy cable tie attachment and airflow ( ). Trough or solid-bottom trays: Used for sensitive or low-voltage cables requiring protection from dust and debris ( ).
