# UAE Customized Network Cable Tray Quotation

## Overview

Unigroup Cable Trays, Channels and Trunking Solutions are proudly manufactured in the UAE to the highest international standards.

## Key Takeaways

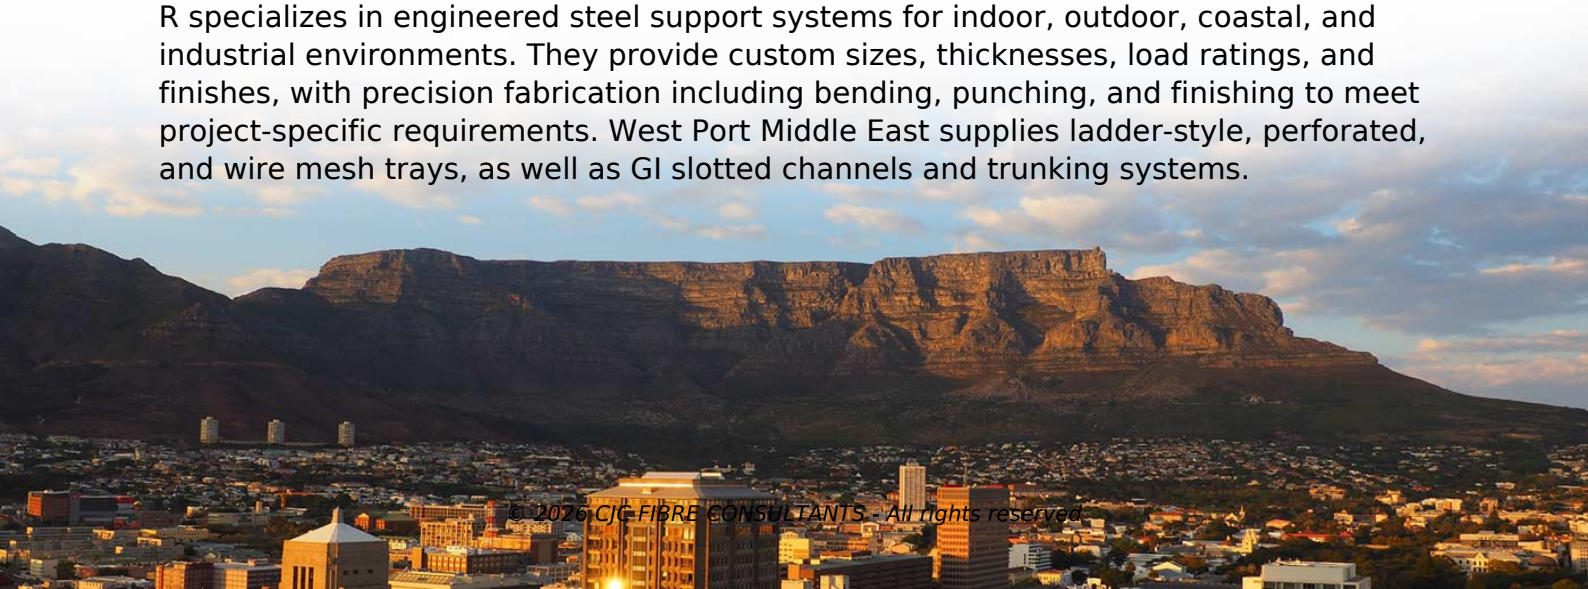

You can obtain customized network cable tray quotations in the UAE from leading manufacturers like Unigroup, METAR, West Port, Legend Star, and INSYNC, all offering tailored solutions for commercial, industrial, and infrastructure projects.

### Leading Suppliers and Customization Options

Unigroup offers a wide range of cable trays including perforated, ladder, wire mesh, and GRP systems, with full customization for size, load capacity, and finishes such as GI, hot-dip galvanized, stainless steel, epoxy powder coating, and RAL colors. Their engineering team assists with both standard and project-specific solutions across Dubai, Abu Dhabi, and Sharjah.

### META

R specializes in engineered steel support systems for indoor, outdoor, coastal, and industrial environments. They provide custom sizes, thicknesses, load ratings, and finishes, with precision fabrication including bending, punching, and finishing to meet project-specific requirements. West Port Middle East supplies ladder-style, perforated, and wire mesh trays, as well as GI slotted channels and trunking systems.

Their products are designed for high corrosion resistance, load-bearing capacity, and compliance with international safety standards. They support large-scale infrastructure and construction projects across the UAE and GCC.

### Legend Star Manufacturing LL

C provides light-duty and heavy-duty tray systems, including trunking, ladder, and perforated trays. They focus on high-quality materials and ISO 9001: 2015 certified manufacturing, ensuring competitive pricing and compliance with regulatory standards.

### INSYN

C International L. L. C. offers both supply and professional installation services for cable trays, ensuring proper alignment, load distribution, and compliance with UAE safety regulations.

They provide complete solutions for structured cabling, power distribution, fiber optics, and low-voltage systems. How to Request a QuotationDefine Project Requirements: Specify tray type (ladder, perforated, wire mesh), material (GI, stainless steel, GRP), dimensions, load capacity, and finish. Contact Supplier: Reach out via the company website or email to request a quotation.

Include project scope, quantities, and any installation requirements. Technical Consultation: Most suppliers offer engineering support to optimize tray design for airflow, cable management, and compliance with UAE standards. Receive Quotation: Suppliers provide detailed pricing, lead times, and optional installation services.

By contacting these suppliers directly, you can obtain tailored quotations that meet your project's technical and budgetary requirements while ensuring compliance with UAE safety and international standards.
