

UK 16-core fiber optic distribution box

Overview

With a fully enclosed IP65 / IP66-rated structure, this 16 core fiber distribution box is suitable for both indoor and outdoor installations, including building entrances, corridors, telecom rooms, and pole-mounted access points in FTTH networks. Extell, Techlogiks, Belden, Opterna, Norden, Datacom, Panduit, Kuwes, D-link. The distribution box is essential for FTTH access systems, providing a terminal link ideal for pole and wall installations. This range of Fibre Distribution Boxes comes with in-built cassette splitter positions, splice trays with a colour-coded labelling system and ample cable access. This range of Whyte Fibre Optic Distribution Boxes provides a robust and flexible solution for indoor and outdoor fibre termination solutions.
