Vanuatu Committee Optical Cable

Overview

ASN and OMS announced that the Tamtam Cable contract with Prima Ltd has officially entered into force as of December 16, 2025, setting the stage for a new subsea system designed to strengthen Vanuatu's international connectivity and domestic fiber infrastructure. The system's Ready for Service (RFS) date is scheduled for end of 2027. The Tamtam Cable project will significantly strengthen Vanuatu's digital. At its 29th Ordinary Meeting, the Council of Ministers (COM) approved several key recommendations from a Working Group leading a major review of previous COM decisions regarding the country's second submarine cable and other digital infrastructure projects, including the establishment of new data. Local tech company Prima Limited and the Asian Development Bank (ADB) have signed a debt-plus-grant mandate agreement to help fund the 'Tamtam' cable, which will be Vanuatu's second subsea fibre optic cable. The cable will connect Port Vila through Lifou, New Caledonia, supplying global bandwidth. The Interchange Group is a Vanuatu-based consortium, committed to a better future for Melanesia.
