Wholesale price of metal cable trays

Overview

Source over 12 cable trays for sale from manufacturers with factory direct prices, high quality & fast shipping.

Key Takeaways

Metal cable trays wholesale prices typically range from $0. 80 to $25 per meter, depending on material, type, size, and finish.

Price Range and Factors

Wholesale metal cable trays can cost as low as $0. 80 per unit for basic trays, while more durable or specialized trays can reach $25 per meter or higher, especially for stainless steel or heavy-duty ladder types. Prices vary based on: Material: Galvanized steel is common and cost-effective; stainless steel is corrosion-resistant but more expensive; aluminum is lightweight and rust-proof; plastic trays are cheaper but not suitable for heavy loads.

Tray Type: Ladder trays are more expensive due to higher load capacity; perforated or wire mesh trays are cheaper and suitable for lighter cables. Size and Thickness: Widths range from 50 mm to 1200 mm, heights from 20 mm to 200 mm, and thicknesses from 0. 8 mm to 3 mm, affecting cost.

Surface Finish: Hot-dip galvanized, pre-galvanized, or powder-coated finishes influence durability and price. Order Volume: Bulk orders reduce per-unit cost significantly, especially when purchasing directly from manufacturers.

Supplier Options

Wholesale metal cable trays are available from multiple B2B platforms and manufacturers: Alibaba and Global Sources: Offer factory-direct prices with low minimum order quantities and customizable options. Industrial Suppliers: Companies like Shree Mahalaxmi Electrical provide galvanized iron, stainless steel, and aluminum trays in perforated, ladder, and solid-bottom configurations, suitable for industrial and commercial projects.

B2

B Marketplaces: Platforms like B2B Headlines and GlobalLinker allow buyers to negotiate bulk pricing, request custom sizes, and access technical specifications.

Practical Tips

Compare Materials and Types: Choose trays that balance cost and durability for your project requirements. Consider Coatings: For outdoor or corrosive environments, hot-dip galvanized or powder-coated trays are recommended. Negotiate Bulk Orders: Direct factory purchases often provide the best wholesale rates.

Check Standards Compliance: Ensure trays meet IS 14927 or IEC 61537 standards for safety and quality. In summary, expect wholesale metal cable trays to cost between $0. 80 and $25 per meter, with the final price influenced by material, type, size, finish, and order volume.

For large-scale projects, contacting manufacturers directly can yield the most competitive pricing and customization options.
