# Wholesale prices of multimode optical cables

## Overview

Bulk Multimode Fiber Cables | Fiber Optic Cable WholesaleWe have a wide assortment of multimode fiber optic cable wholesale options to choose from. Explore.

## Key Takeaways

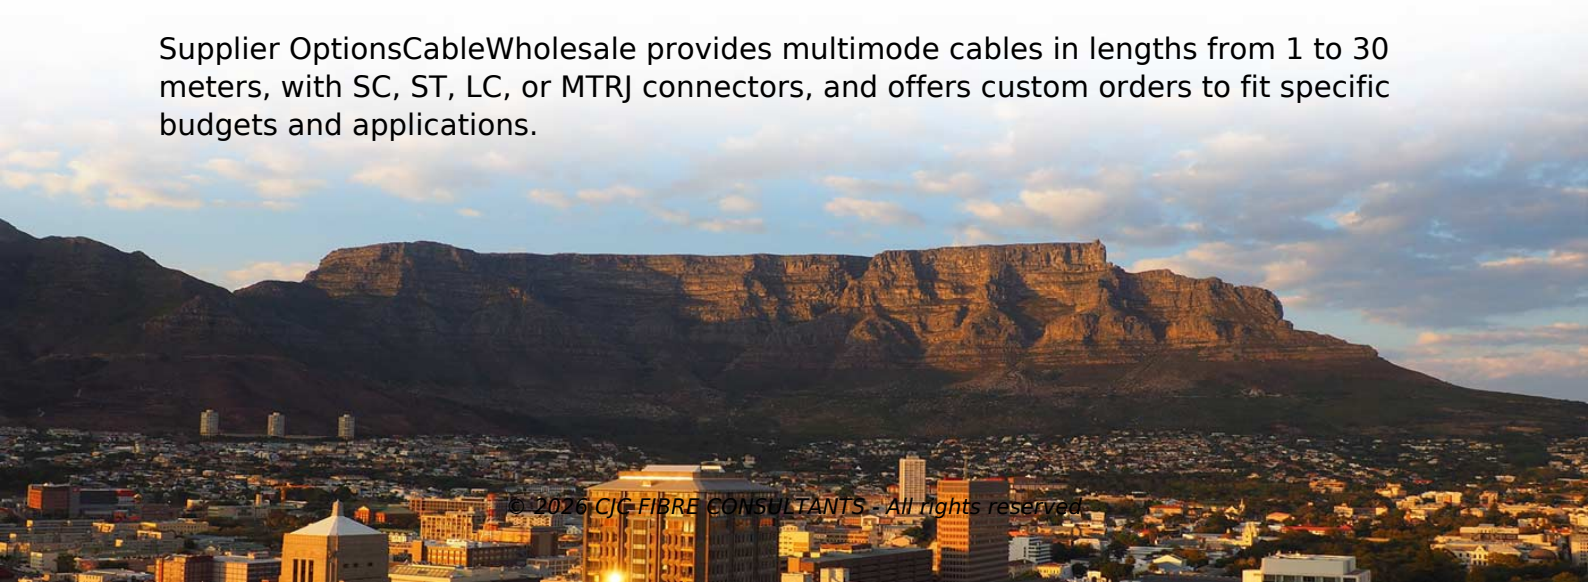

Wholesale multimode optical cables typically range from $0. 50 to $2. 50 per foot depending on core size, length, and connector type.

Pricing OverviewOM1 (62. 5/125 µm) and OM2 (50/125 µm) cables are commonly available in bulk spools of 1,000 feet or more. Prices generally start around $0.

50–$1. 00 per foot for basic indoor riser-rated cables with duplex connectors, and can increase for pre-terminated or plenum-rated cables. OM3 and OM4 multimode cables designed for higher bandwidth and 10–40 Gigabit Ethernet applications typically cost $1.

50–$2. 50 per foot in wholesale quantities. Bulk suppliers often offer free shipping, technical support, and lifetime warranties, which can reduce overall procurement costs.

Supplier OptionsCableWholesale provides multimode cables in lengths from 1 to 30 meters, with SC, ST, LC, or MTRJ connectors, and offers custom orders to fit specific budgets and applications.

### Cables Plus US

A offers TAA-certified multimode cables for indoor and indoor/outdoor use, including plenum and riser ratings, with free shipping and expert support. WholesaleCables.com supplies 50/125 and 62. 5/125 multimode fiber in bulk spools (up to 1,000 feet), with duplex or distribution configurations, suitable for data centers and LAN installations.

### Alibaba and Find

Light provide access to international suppliers for large-scale orders, often with competitive pricing and multiple performance grades.

### Key Considerations

Core size and type: 50/125 µm (OM2) supports higher bandwidth than 62. 5/125 µm (OM1). Connector type: LC, SC, ST, or MTRJ connectors affect installation compatibility and cost.

Cable rating: Plenum (OFNP) or riser (OFNR/CMR) ratings determine suitability for building codes and fire safety. Length and quantity: Bulk spools reduce per-foot cost, while pre-terminated cables may increase unit price but save installation time. Wholesale multimode optical cables are a cost-effective solution for high-speed, short-to-medium distance data transmission in LANs, data centers, and industrial networks, with pricing and features varying based on performance requirements and supplier options.
